

M O O N

Power.

Emotion.

Soul.

FOR IMMEDIATE RELEASE - January 7, 2009

Simaudio Ltd. proudly introduces the **MOON i.5 Integrated Amplifier**, one of our newest additions to the **MOON series** of audio components. The **i.5** offers immense value, delivering superb performance in an affordable yet elegant package. Designed with numerous convenient features, this integrated amplifier will provide for years of hassle-free musical enjoyment.

Thirty years of experience in the design and manufacturing of award winning high-performance components has paved the way for the new **MOON i.5**; An entry-level Integrated Amplifier with exceptional sonic performance and luxurious build quality that's truly unique to its price-point.

“Celebrating 30 Years of Excellence”

MOON i.5 Significant Design Features:

- An oversized power supply using a custom toroidal transformer design.
- Rated output of 40 watts/channel into 8 ohms and 80 watts/channel into 4 ohms.
- 6 line-level inputs including a front-mounted mini-jack for personal media players.
- Headphone output on ¼" TRS jack located on the front panel.
- Remote control operation.
- A single pair of bipolar output devices in the amplification section.
- Class A output to 5 watts for greater efficiency.
- Circuit board with pure copper tracings and gold plating that yields low impedance characteristics.
- Optimized selection of very high quality electronic components.
- Heat-sink free design incorporating a rigid all-aluminum chassis for evenly distributed heat dissipation.
- Low operating temperature for a longer than normal life expectancy.

The MOON i.5 will have an MSRP of \$1,200.00 USD

*Simaudio Ltd. has been designing and manufacturing innovative, leading-edge audio and video products since 1980. **MOON** products have been globally recognized for their world-class performance, garnering numerous accolades for this outstanding achievement. Our products are engineered and built in Canada, utilizing advanced, efficient, "green" assembly techniques with strict quality control. Furthermore, our manufacturing processes are part of our philosophy, whereas the high quality and long-life of **MOON** products are the best way to preserve our environment, avoiding premature obsolescence. **MOON** products meet or exceed all international requirements for safety, performance and durability. At Simaudio, great music matters. However, great music for a lifetime matters most.*
